### **SBA Offers Disaster Assistance to Businesses and Residents of Mississippi Affected by Severe Storms, Straight-Line Winds and Tornadoes**

**WASHINGTON** – Low-interest disaster loans from the [U.S. Small Business Administration](#) (SBA) are available to businesses and residents in **Mississippi** following the announcement of a Presidential disaster declaration due to damages from severe storms, straight-line winds and tornadoes on March 24-25.

“With President Biden’s declaration, SBA is working closely with FEMA and our state and local officials on the ground to deliver expedient disaster recovery loans and support that will aid Mississippians impacted by this severe and devastating weather event,” said [SBA Administrator Isabella Casillas Guzman](#). “My heartfelt condolences go out to the families who have lost loved ones, and I urge affected residents to stay safe and heed the guidance of local emergency officials. The SBA is committed to providing the full breadth of our resources to help small businesses and communities recover and rebuild stronger than before.”

The disaster declaration covers Carroll, Humphreys, Monroe and Sharkey counties in **Mississippi**, which are eligible for both Physical and Economic Injury Disaster Loans from the SBA. Small businesses and most private nonprofit organizations in the following adjacent counties are eligible to apply only for SBA Economic Injury Disaster Loans (EIDLs): Attala, Chickasaw, Clay, Grenada, Holmes, Issaquena, Itawamba, Lee, Leflore, Lowndes, Montgomery, Sunflower, Washington and Yazoo in **Mississippi**; and Lamar and Marion in **Alabama**.

Businesses and private nonprofit organizations of any size may borrow up to \$2 million to repair or replace disaster-damaged or destroyed real estate, machinery and equipment, inventory, and other business assets.

For small businesses, small agricultural cooperatives, small businesses engaged in aquaculture and most private nonprofit organizations, the SBA offers [Economic Injury Disaster Loans \(EIDLs\)](#) to help meet working capital needs caused by the disaster. Economic Injury Disaster Loan assistance is available regardless of whether the business suffered any physical property damage.

Disaster loans up to \$200,000 are available to homeowners to repair or replace disaster-damaged or destroyed real estate. Homeowners and renters are eligible for up to \$40,000 to repair or replace disaster-damaged or destroyed personal property.

Interest rates are as low as **4** percent for businesses, **2.375** percent for nonprofit organizations, and **2.375** percent for homeowners and renters, with terms up to 30 years. Loan amounts and terms are set by the SBA and are based on each applicant’s financial condition.

Building back smarter and stronger can be an effective recovery tool for future disasters. Applicants may be eligible for a loan amount increase of up to 20 percent of their physical damages, as verified by the SBA, for mitigation purposes. Eligible mitigation improvements may include a safe room or storm shelter, sump pump, French drain, or retaining wall to help protect property and occupants from future damage caused by a similar disaster.

“The opportunity to include measures to help prevent future damage from occurring is a significant benefit of SBA’s disaster loan program,” said SBA Associate Administrator Francisco Sanchez, Jr. “I encourage everyone to consult their contractors and emergency management mitigation specialists for ideas and apply for an SBA disaster loan increase for funding.”

Applicants may apply online using the Electronic Loan Application (ELA) via SBA’s secure website at <https://disasterloanassistance.sba.gov/ela/s/> and should apply under SBA declaration # **17836**.
